ABOUT

At this workshop we'll explore an etching technique aiming the creation of multiples. Similar to woodcutting, we will transfer an image to an MDF support, etch the image with tools and then this matrix will serve to create multiples on different papers.

Artistic objects will be created with the purpose of being sent to international open calls, exhibitions, artists and even exchanged between participants.

All tools and materials will be made available to the trainees.

ART

ART DIRECTOR Monsenhor enVide neFelibata
