# ABOUT

"AQUI, 'AQUI" is a permanent international exhibition of mail\_art and art\_by\_mail curated by Monsenhor enVide neFelibata. This show is renewed on the 31st of each month and has works done by children and for children.

At Espinho - Portugal, this project results from a partnership between the artist enVide neFelibata and the Municipality, which consists of regular exhibitions that take place at the Biblioteca Municipal José Marmelo e Silva, as well as a cycle of workshops for classes and families throughout the year.

The objective of this project is to promote and elucidate the public about this art form through a strong pedagogical focus. This is a project aimed at young creative people up to 12 years old, however from time to time adults submit artwork that we sometimes consider worth mentioning if we understand that they were created by their inner children or in posthumous collaboration.

The artwork rotation allows revisiting and creating renewed collections confronting artists and times. This collection is also kept updated in digital format on the website [www.mailart.pt](http://www.mailart.pt) and aims to become an object of study of the evolution of new artistic languages by these authors, and possible future artistic careers, within the genre that is mail\_art and the art\_by\_mail.
